

Taiping Greater China New Momentum Equity Fund

March 2023

(the Sub-Fund of Taiping Investment Fund)

(Data as of 28 February 2023)

Key features and Risks :

- The Fund seeks to invest in listed securities in the Greater China region (which includes listed securities in the PRC, the Hong Kong SAR and Macau SAR). It may also invest in financial derivative instruments for hedging purposes only. Following the Fund's increased exposure to China A Shares, the Fund will continue to be subject to the general risks associated with investing in the China markets.
- Investing in a relatively concentrated geographical region may result in greater volatility than portfolios which comprise broad-based global investments.
- Investing in emerging markets may involve a greater risk of loss than investing in developed markets due to, among other factors, greater political, tax, economic, foreign exchange, liquidity and regulatory risks.
- Risks associated with investments in financial derivative instruments for hedging purposes include credit risk, liquidity risk and counterparty credit risk.
- Risks and uncertainties associated with changes in current PRC tax laws, regulations and practice (that may have retrospective effect).
- Investing in securities denominated in a wide range of currencies other than HK Dollars in various stock exchanges around the world may be exposed to a foreign exchange/currency risk.
- Risk associated with investment in A Shares via the Shanghai-Hong Kong Stock Connect, Shenzhen-Hong Kong Stock Connect or via Qualified Investors status - may involve additional risks. Please refer to the Explanatory Memorandum of the Fund and Sub-Fund for further information relating to the Shanghai-Hong Kong Stock Connect, Shenzhen-Hong Kong Stock Connect or via Qualified Investors status.
- An investment in the Fund may involve a high degree of risk and may not be suitable for all investors.
- Past performance is not indicative of future results. The value of the Units in the Fund and the income accruing to the Fund, if any, may fall or rise. Investors may not get back the full amount invested.
- By using the information contained herein, you are deemed to assume all risks associated with the use of those information. Taiping Assets Management (HK) Company Limited shall not be liable for any special, incidental, or consequential damages, including without limitation, lost revenues or lost profits, resulting from the use or misuse of the information contained herein.
- Notwithstanding that the investment decision is yours to make, you should not invest in the Fund unless the intermediary who has offered you the Fund has advised you that the Fund is suitable for you and has explained why the investment in the Fund will be consistent with your investment objectives.
- You should not make investment decision on the basis of this document alone. Please read the Explanatory Memorandum of the Fund for details and risk factors.

Fund Objective

• Taiping Greater China New Momentum Equity Fund is a SFC authorized fund#, primarily focusing on our investment niche of the Greater China region, comprising PRC, Hong Kong and Macau markets. The Fund seeks to provide investors with medium to long term capital appreciation.

• Effective from 30 April 2016, the jurisdiction of the Fund (place of domicile) has been changed from Cayman Islands to Hong Kong.

• Effective from 30 June 2016, the Fund may invest less than 30% of its non-cash assets in listed equity securities of companies which may have no connection with the Greater China region. Such equity securities are listed on exchanges worldwide including but not limited to the United States. The Fund may also invest up to 20% of its non-cash assets in A Shares via the Stock Connect.

• Effective from 31 March 2022, the fund has been revised to provide flexibility to the Sub-Fund to invest directly in eligible China A-Shares via Shenzhen-Hong Kong Stock Connect in addition to investment via the Shanghai-Hong Kong Stock Connect. The Sub-Fund's exposure in China A-Shares will be increased from 20% of non-cash assets to 50% of its NAV. The Sub-Fund's investment scope in China A-Shares will be expanded to both Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect or via Qualified Investors status instead of Shanghai-Hong Kong Stock Connect alone. The Sub-Fund may also invest up to 30% of its NAV in ChiNext market of Shenzhen Stock Exchange and Science and Technology Innovation Board of Shanghai Stock Exchange in total.

Fund Manager's Report

Market Review

The fund's NAV decreased by 8.09% in February. Equity return was broadly negative in February due to the expectations of a more acute tightening by the Fed, escalating geopolitical tensions and rising yields. In Hong Kong dollars, Hang Seng Index, CSI 300 and S&P 500 retreated by 9.41%, 4.51% and 2.48% correspondingly in the month. As to sectors in Hang Seng Index, all sectors obtained negative return. Energy, Consumer Staple, Financials and Utilities sectors outperformed other sectors.

Market Outlook

China's PMI in February further rebounded as output, new orders and business sentiment continued to improve. The economy remained good on its way to recover. Moreover, overseas demand was more resilient than expected and domestic supply chain further improved. Two sessions in early March are expected to release more policies and measures to support economy. We will keep track clear policy signals and adjust portfolio structure accordingly. We focus on Consumption Internet leaders with attractive valuation and Technology sector.
